Dear Mr. Reiss,

It is with great pleasure that I thank you for your gift in support of the Corporate Scholars Program here at the College of Computer, Mathematical, and Physical Sciences.

Please know that your support means a great deal to the College. Your generosity will help us continue to support our students and strengthen our national leadership in scientific research. In this era of increasing costs for higher education and decreasing funding from the State, your assistance is more valuable than ever.

I am constantly amazed by the quality of research projects undertaken in this college and continually delighted by the range our research portfolio. The remarkable talent and entrepreneurial spirit of our faculty is a driving force behind our partnerships and accomplishments and we are proud to have you as a contributor to these successes. It is a pleasure to recognize you as a 2007-2008 member of our Newton Society in honor of the significant level of your gift.

Yours sincerely,

Steve Halperin  
Dean
